Guidelines on the Utilization of Support Funds for the Special Education (SPED) Program

1. Rationale

- 1.1 Improving Special Education (SPED) Programs should go hand in hand with national initiatives to improve educational outcomes (UNESCO, 2005). It is on this premise that the Department of Education (DepEd), through the SPED Division continues to address the significant keys in special education namely:
 - a. *Early Intervention* – ensuring those children with disabilities and their parents has access to suitable help and care.
 - b. *Removing Barriers to Learning* – embedding inclusive practice in all schools and early years.
 - c. *Raising Expectations and Achievement* – developing teaching skills and strategies and focusing on progress children make; and
 - d. *Delivering Improvement in Partnership* – a hands-on approach on collaboration with parents and the community.
- 1.2 For FY 2015, a target of 300,307 elementary learners and 8,014 secondary learners (based on enrolment per school) with special needs shall be served in 448 recognized SPED Centers and 173 regular schools with SPED classes, respectively. It is for this reason that regular teachers have also been given financial assistance. Likewise, secondary schools with programs for students with special needs are given financial assistance based on the number of enrollees served.
- 1.3 In the last five (5) years of providing support funds to SPED Centers, significant improvement has been observed. However, much remains to be done to provide quality education to learners with special needs who tend to be unseen, unheard, and uncared. Hence, the continuation of support funds is desired.

2. Scope

- 2.1 Recognized SPED Centers, regular elementary schools with SPED classes, and secondary schools with SPED programs in seventeen (17) regions are covered by this policy.

3. Definition of Terms

- 3.1 Transition Program – A set of coordinated activities for a student designed within an outcome-oriented process that promotes movement from school to out-of-school activities, vocational training, integrated employment (including supported employment), continuing and adult education, independent living, or community participation. A transition program focuses on appropriate intervention for children with intellectual disabilities who have completed the intermediate level or who are over-aged for the elementary/secondary level.

4. Policy Statement

- 4.1 The ultimate goal of special education is the inclusion of children with special needs into the regular school system and eventually in the community. The Bureau of Elementary Education (BEE) through the Special Education Division therefore would like to give specific support services for inclusion through the financial subsidy granted to every SPED Center:
- a. Modification and adaptation of physical environment, curriculum, timetables, and evaluation procedures.
 - b. Supply of special teaching aids, materials, and equipment.
 - c. Access to assistance by peers (buddy system), parents, and volunteers.
 - d. Access to support personnel in health services and guidance and counselling.

5. Procedures

5.1 Planning Phase

- 5.1.1 The total amount of **Two Hundred Forty Million, Two Hundred Forty-Five Thousand Six Hundred Pesos (P240,245,600.00)** allocated for all SPED Centers in elementary schools shall be based on the SY 2014-2015 enrolment from the EBEIS, number of pupils mainstreamed, children with learning disabilities in the regular classes and satellite schools who have children with special needs (CSNs) in their classes. This will be computed at **Eight Hundred Pesos (P800.00)** per pupil.
- 5.1.2 For secondary schools with SPED classes, the total allocation of **Thirty Million, Fifty-Three Thousand Four Hundred Pesos (P30,053,400.00)** was computed based on the fixed cost of **One Hundred Twenty Five Thousand Pesos (P125,000.00)** and a variable cost of **One Thousand Fifty-One Pesos and Seventy-One centavos (P1,051.71)** per student.
- 5.1.3 The recipient SPED Centers and schools are contained in **Enclosure Nos. 2a** and **2b** for elementary and secondary schools, respectively. Furthermore, the names of the satellite schools in the elementary level must be reflected in **Enclosure No. 2a**. Summaries of total allocations to be received and of corresponding fund sources are reflected in **Enclosure No. 2c**.
- 5.1.4 The SPED Center or the school shall also submit its approved Annual Implementation Plan (AIP) that indicates the activities relevant to its operation and related activities.
- 5.1.5 Upon the issuance of these guidelines, the Regional Office (RO) shall communicate to the Schools Division Offices (SDOs) concerned, the availability of funds and the need to prepare the Work and Financial Plan (WFP). The SDO immediately issues a call for the submission of individual WFP of the recipient schools through the Program Management Information System (PMIS).

- 5.1.6 Using the prescribed offline Excel-template which shall be directly generated by the recipient schools or the SDOs from the PMIS or through online encoding in the system, the recipient schools shall prepare and submit WFP, which shall be subject to the SDO's appraisal. Projects and activities chargeable to the fund may be culled out from the approved AIP of the schools.
- 5.1.7 Once appraised, the SDO shall communicate to the school any feedback or clarification. In turn, the school shall provide an explanation or justification as applicable, and revise the workplan based on agreement using the PMIS. Once the WFP is approved by the SDO team, the SDO through the Division Planning Officer, shall confirm the WFP's approval in the system. Once the workplan is confirmed, the RO-PPRD may view or monitor the status of each WFP submitted by the recipient schools in their respective regions. The SDO shall subsequently revise the Monthly Disbursement Program (MDP) using the Financial Plan format in **Enclosure No. 3** and submit the same to the RO-Finance Division.
- 5.1.8 The RO-PPRD, in coordination with the Regional Supervisor in charge of the Program, shall endorse the submitted and SDO-approved physical and financial plan and the list of recipient schools to the RO-Finance Division for the release of funds.

5.2 Release of Funds

- 5.2.1 To effect the revision in cash programming, the RO-Finance Division shall submit a revised MDP to the concerned DBM-RO. To fast-track release of funds, the RO-Finance Division may simultaneously effect the transfer of the allotment to the respective units through issuance of Sub-Allotment Order (Sub-ARO) as follows:
- i. SDOs for Non-Implementing Units (Non-IUs); and
 - ii. Implementing Units (IUs)
- 5.2.2 Once the funds are released, the RO-Finance Division shall record the details of Sub-ARO release to the PMIS in order to notify the recipient units of the fund release.
- 5.2.3 Upon receipt of the Sub-ARO, the SDOs and/or the IUs shall record receipt of the Sub-ARO and obligation of allotment in the Registry of Allotments and Obligations for MOOE (RAOMO) being maintained by the respective units. Simultaneously, recipient units shall confirm the receipt of the fund release in the PMIS prior to fund utilization. The SDOs, thru the Division Accountant, shall confirm the receipt of the fund in behalf of Non-IUs while the School Heads (SHs) of IUs shall confirm the receipt of funds for their schools. The SDOs and/or IUs shall request release of Notice of Cash Allotment (NCA) from DBM, supported by copies of Sub-AROs corresponding to the amount as reflected in these guidelines.
- 5.2.4 Upon receipt of the NCA, the SDOs shall effect the transfer of the allocated amount to the heads of the Non-IUs in the form of cash advance. The cash advance shall specify the name of the school to

which the subsidy is allocated and the purposes for which the subsidy is to be applied.

- 5.2.5 For Non-IUs with large allocations, the SDOs may release the cash advance in tranches depending on the timelines in the approved work plan. Subsequent cash advance(s) may be given, provided that at least 75% of the previous cash advances have been liquidated.
- 5.2.6 In cases where school heads could not draw a cash advance due to legal and administrative impediments, the Schools Division Superintendent shall take immediate appropriate action to ensure that such schools will not be deprived of the subsidy.
- 5.2.7 For IUs, the funds shall be disbursed in accordance with the schedule as indicated in the approved WFP.
- 5.2.8 All funds received shall be utilized according to the eligible activities and expenses specified in **Item 5.4** of this **Enclosure**.

5.3 Liquidation Process

- 5.3.1 Every 10th day of the month, after the conduct of an activity, the Non-IUs shall submit their utilization and/or liquidation reports to their respective SDOs using the disbursement report form for verification and proper reporting, monitoring, and consolidation. The amount specified in the liquidation report shall be the basis for the monthly financial accomplishment that will be reported in the PMIS.
- 5.3.2 The supporting documents needed for liquidation are the following:
 - i. Official Receipts or Cash Invoices;
 - ii. Reimbursement Expense Receipts (RERs);
 - iii. Petty Disbursement Register (PDR);
 - iv. Other supporting documents to vouch for related transactions
- 5.3.3 Supporting documents of IUs regarding the utilization and/or liquidation reports shall be retained in their respective schools. However, a report copy must be submitted to the SDO to serve as means of verification for the financial accomplishment report that will be recorded by IUs in the PMIS. All supporting documents of Non-IUs shall be retained in their respective Divisions.
- 5.3.4 The school head shall be accountable for the judicious disbursement, allocation, and liquidation of downloaded funds subject to the usual accounting and auditing requirements.
